MF1500

Two new models: The MF1520A and MF1525H with enhanced design and performance in the under 30hp range

VISION INNOVATION LEADERSHIP QUALITY RELIABILITY SUPPORT PRIDE COMMITMENT

MASSEY FERGUSON

It's why hard work was invented

The MF 1500 Series range maintains an enviable reputation as a compact yet tough and extremely durable machine. Massey Ferguson proudly introduces two new, under 30 horsepower tractors, designed and ready for hard work.

Don't be fooled by the size of the MF 1520A and the MF 1525H. Like the other models in this series, both new machines are robust, hard-working and highly-durable.

Designed to deliver power and precision when and where you need it most. These two 19 and 25hp tractors are a combination of intense, well-established engineering fused with modern design and up-to-the-minute features.

The MF 1520A and 1525H are ideal tractors for a multitude of diverse applications and tasks, whether it's grounds care, sports and amenity work, municipalities, horticulture, agriculture or equine.

Compact dimensions, a range of highly-effective transmissions, reliable engines and powerful hydraulics as well as an extensive range of add-ons available including tyre options, loaders and mower decks, make this the must-have small tractor line-up for your business.

Put these two new models to the test. The MF 1500 Series - why hard work was invented!

MF 1520A

The MF 1520A is the smart choice for small-scale agricultural, horticultural and equine businesses. This model specifically meets the demand for a lower horsepower, more compact machine without compromising performance and reliability. Versatile features, low running costs and simplicity of operation separates Massey Ferguson's 1500 Series from the competition.

What's new?

- ✓ 19.5 horsepower
- ✓ 28 litre fuel tank capacity
- ✓ 600kg Rear linkage lift capacity
- ✓ Shuttle transmission with 8 forward/8 reverse gears
- ✓ Mid-mounted forward folding ROPS
- ✓ Mechanical PTO
- ✓ One rear auxiliary valve
- ✓ Larger chassis with increased operator space and comfort

MF 1525H

The MF 1525H with hydrostatic transmission means greater speed control and ease-of-use. It more than meets the demands of prolonged tasks that command a more robust and powerful compact tractor. Ideal within the groundscape, landscaping and estate management sector, the MF 1525H is more than capable of handling the toughest tasks and a multitude of applications during a long working day.

- ✓ 25 horsepower
- ✓ 28 litre fuel tank capacity
- ✓ 600kg Rear linkage lift capacity
- ✓ Three range hydrostatic transmission
- ✓ Rear-mounted folding ROPS
- ✓ Independent PTO
- ✓ Two rear auxiliary valve
- ✓ Larger chassis with increased operator space and comfort
- ✓ New mower decks available
- ✓ Increased 33 litre hydraulic pump capacity
